

Reading Assignments
Contracts – Section C
Fall 2013
Professor Zamora

The following page assignments are from the casebook, Basic Contract Law (Fuller, Eisenberg and Gergen, 9th Ed.- Concise Edition). Whenever the casebook makes reference to material found in the supplement (Contract Law: Selected Source Materials, Burton and Eisenberg, current edition), you are to read that material as well.

I recommend the following general hornbooks (treatises) as aids in understanding the rules and policies presented by the cases. (I will talk more about hornbooks in class.) You don't have to buy them, since they're all on reserve in the law library; but if you find one particularly useful, you may wish to purchase your own copy, since it can be helpful to you after your law school education ends.
