EIC UPDATE

I hope everyone has begun to settle into the new school year and the new building. The e-board and I have decided a monthly newsletter would be a good way to maintain communication with all editors and candidates. HJIL is larger than most years. As of the last count, we are 65 members strong! I'll use this platform to give high-level organizational updates and promote HJIL events, programs, and people.

Since taking over in the summer, our board has completed two past-due issues. Volume 43, Issue 3 was printed on September 6th, and Volume 44, Issue 1 will print on October 5th.

Board 46's editing group and our candidates have begun work on Volume 45, Issue 1. This is an important issue, the first for Board 46, and will feature authors from the Global Challenges, Local Solutions symposium HJIL co-hosted with Professor Trujillo's Global Law and Policy for the Americas and the University of Bogota Center for Latin American Studies.

We were assigned Room 515E in the new law building just last week. While the space is small and we are still figuring out its best use, we have set up a break area with snacks for members. Please stop by between classes!

Lastly, if you have any suggestions for the e-board, please use the feedback form linked [here](#) and on the second page of this newsletter. This form will be open year-round and allows the option to remain anonymous.

Say "hi" in the hallway!

EDITOR OF THE MONTH

"I would like to nominate my co-articles editor, **Shloka Patel**. Shloka took on pretty much all of the work for the first four weeks. My beloved senior dog was in a critical stage during that time and she made it possible for me to spend more time with him before he passed away. I never had to ask for her help, she willingly offered it which meant a lot to me."

-nominated by Kimberly Seiler

CANDIDATE OF THE MONTH

"**Deborah [Ransom]** has been timely with her submissions, even submitting some early. She reaches out with immediate questions so that she can achieve the best result the first time. She went out of her way to find difficult-to-find sources to substantiate a VSF. Finally, her tone via email is always patient, pleasant, and professional."

-nominated by Chelsea El-Azzi
